

The ccNSO Council Elections 2025 candidate Statement

Name: Ms. Nguyen Thi Thu Thuy

Job title/Organization: Director of Department of Cooperation & Internet Resources Management

Viet Nam Internet Network Information Center (VNNIC),
Ministry of Information and Communications of Viet Nam
– The Registry of .VN.

Dear ccNSO members, colleagues, friends,

I am honored to be a candidate of ccNSO councilors election of 2025. I would like to express my gratitude to Nguyen Hong Thang (.vn), Boyoung Kim (.kr) and Saysomvang Souvannavong (.la) for demonstrating their trust and confidence by supporting my nomination. Thanks for the community's kind nomination and seconding.

My name is Nguyen Thi Thu Thuy. I am director of Department of Department of Cooperation & Internet Resources Management in VNNIC. I hold a Master of Electronics and Communications industry from Hanoi University of Science and Technology. After my graduation in 2000, I worked for Hanoi Radio and Television Station for two years, then moved and joined VNNIC in 2002. I worked as a staff of Technical Department of VNNIC for 6 years and moved to Department of Cooperation & Internet Resources Management as the Director.

For 22 years working in the industry, I have earned variety experience in Internet resources management and development. I am the main contributor to the regulatory, compliance, dispute resolution and development policy of the .VN domain, as well as regulation and policy for IP/ASN as I am also taking care of NIR operation for my organization - VNNIC as the NIR of Vietnam in the Asia - Pacific region.

I have initiated and contributed to projects that are good factors for “.VN” ccTLD to be one of the largest ccTLD in ASEAN with highest ccTLD registration, as well as helps Vietnam staying

in the top 10th countries with the highest IPv6 deployment ratio, such as:

- Main contributor for formulating development and management policy of “.VN” domain during its development.
- Main contributor for the implementation of .VN IDN in Viet Nam; assisting in the development and promotion of a multilingual Internet using IDNs in Viet Nam and the region.
- Active member of Viet Nam IPv6 Task Force, developing and initiating Viet Nam’s IPv6 Action Plan (for the period of 2011-2019).
- Consultant for Viet Nam’s IPv6 for Gov Program (for the period of 2021 – 2025).
- The lead of IPv6 field in the project “ASEAN Smart ICT Ecosystem” (2019-2020). The project aims to assessing challenges in IPv6 adoption in ASEAN, design Architecture for the ASEAN Smart Cities platforms with consideration on the Use of ICT for DDRM System and the availability of a secure, scalable, and connectable TCP/IP address identifiers.

I have also engaged actively in various international Internet forums and WGs (APTLD, APNIC, ICANN...), contributing to the promotion and development of Internet in the region.

I’m an active APTLD Board member. In the role of APTLD Board, I have contributed my part for APTLD’s community including being member of APTLD’s WGs. I am the WG chair for APTLD high-level statement of Internet for All.

Serving many years at VNNIC, pursuing the vision of “Internet for all”, I feel thankful to have opportunities to engage and contribute to Internet community in the region, as well as ccNSO community. I believe, my unique solid experience in ccTLD development policy, together with my technical knowledge, would be a great asset for ccNSO community. I am delighted to contribute my thoughts and ideas to benefit ccNSO members, foster a stronger and robust community in Asia-Pacific as well as overall.

With the trust and support from APTLD’s members, I have served APTLD Board from 2021 until now. Through this position, I have gained my experiences engaging with other members and Board members, as well as best practices towards ccTLD evolution. I would like to continue serving the ccNSO community and commit to contribute ccNSO as well as the community with my best efforts.

Thank you!

Nguyen Thi Thu Thuy.
