Chair, Secretariat and/or GRC determine recommended path forward by next meeting in February (include description of issue, analysis of what is needed in sense of change, what type of bylaw change is requested [rejection action, pdp, etc]).

Repository has been created, discussion item 7.2 and 7.3 on the agenda.

3) Overview inter-meeting Council decisions

No Intersessional decisions

4) Appointment ccNSO Liaisons to GNSO and ALAC

For decision

Background material:

Guideline: ccNSO Liaisons and Observers (<https://ccnso.icann.org/sites/default/files/field-attached/guideline-liaisons-observers-06dec18-en.pdf>)

Draft resolution

Background

The current liaison to the GNSO (Biyi Oladipo) will take a seat on Council starting after the ccNSO Council meeting in Kobe. The current liaison to the ALAC (Wafa Dahmani), has accepted a position on the ASO AC, and by March 2019 her first 2 years term ends. In order to ensure continuity, the Council is advised to launch a call for volunteers.

At meeting 17 January 2019 the Council decided to launch a call for volunteers for both the ccNSO liaison to the GNSO and the ccNSO Liaison to ALAC in accordance with the Guideline: ccNSO Liaisons and Observers. Accordingly the secretariat send the call by Monday 21 January 2019 to the relevant email lists and received 3 application for position GNSO liaison (Maarten Simon (.nl), Luis Diego Espinoza (related to .NA), and Alyssa Moore (.ca)) and 1 application for ALAC liaison (Segun Akano, (.ng)). Council then selected 1 GNSO liaison candidate, following the procedure included in the Guideline, Council selected the GNSO liaison.

Decision

In accordance with the Guideline: ccNSO Liaisons and Observers

(<https://ccnso.icann.org/sites/default/files/field-attached/guideline-liaisons-observers-06dec18-en.pdf>) as adopted by Council, the following persons were selected by Council:

< insert name > as Liaison to the GNSO

<insert name> as liaison to the ALAC.

Both Liaisons will take their seat at the end of the ccNSO Council meeting in Kobe, Japan and invited to attend the ccNSO Council workshop. The chair is requested to inform the ALAC and GNSO of the appointments and the secretariat is requested to add them to the relevant ccNSO email lists.

5) Appointment volunteers SOPC

For decision.

Draft Resolution

Background

The SOPC has reviews its current membership and would like to seek new members to ensure continuity. The secretariat launched a call for volunteers and the following persons put their name forward:

Dmitry Kohmanyuk (.ua)

Biyi Oladipo (.ng)

Atsushi Endo (.jp)

In addition, and for the record, Nicholas Lisse applied to be observer to the group. To become an observer does not require an action from Council.

Decision

The ccNSO Council appoints the listed candidates as members of the SOPC for a term of 2 years taking effect immediately. The ccNSO Council requests the Secretariat to inform the candidates and include them on the relevant email list and list them on the SOPC webpage.

6) Update ccTLD World email procedure

Introduction

In preparation of the December Council meeting, the Secretariat prepared a document, listing the issues as identified in the text of the procedural background documentation for the ccTLD world mailing list, and a high-level analysis of the current list of subscribers. To remedy the issues identified with the ccTLD world mailing list two actions are proposed:

- 1) update of the procedural documentation
- 2) update procedure to ensure the list of subscribers is up to date

The background material provides more details.

For decision: adoption of the amended ccTLD world email list procedural documentation. A redline version is available at:

<https://docs.google.com/document/d/1tVZ3SyeUDMeWHx2KeNZWhOm97Uem1Ol6PiaGjh-tojU/edit>.

Once adopted the secretariat will implement procedure to ensure list of subscribers is up to date.

7) ccNSO related ICANN Bylaw changes

7.1 Repository to be maintained by the ccNSO

See Background material

7.2 Change definition of ccNSO membership

For discussion & Next steps

Background. The membership definition of the ccNSO was changed late in the CWG Stewardship process.

Change process. As Article x is not a fundamental Bylaw, it follows the pattern of a regular Bylaw change, open to rejection action by the Decisional participants.

Using the post October 2016 change of Article XI (GNSO) as an example (see: GNSO Resolution 20180130-1 Adoption of Revised GNSO Operating Procedures and Proposed Modifications of the ICANN Bylaws consistent with the recommendations of the Bylaws Drafting Team.).

Proposed actions. The ccNSO Council consults ccNSO membership on proposed change. Staff is requested to prepare a slide deck. Suggestion is to check whether broader consultation is needed and consult broader community as well (public comment on

requested change, requests the Board to change the relevant section in Article X. Note the Board will have to follow its procedure to allow for a standard bylaw change.

7.3 Change ccNSO Council appointed members requirement IFRT(section 18 ICANN Bylaws)

For discussion & Next steps

Background

The IANA naming Function review was launched by the ICANN Board of Directors in September 2018. However, the Review Team has not been formed to date. One of the issue is the requirement that the ccNSO Council appoints a representative from a ccTLD Manager that is not a member of the ccNSO. As indicated before to the ICANN Org and Board, the ccNSO Council anticipates that this problem will only get worse over time, with the increase of members in the ccNSO and in light of the relative small size of the vast majority of the non-ccNSO members and required skill and expertise and time-commitment. As Article 18 is one of the Fundamental Bylaws, and introduced as part of the IAAN Stewardship Transition Process, further discussion with community, ICANN Org and ICANN Board is warranted on next steps.

8) Adoption ccNSO Terms Of Reference ccNSO Internet Governance Liaison Committee

For decision

Background material. Draft Terms of Reference for Committee

Background

In November 2018, the ccNSO Council decided to withdraw from the CCWG Interne Governance and not to support the CCEG Charter. However, the ccNSO Council decided that in light of the importance of Internet Governance and interest of ccTLD member is the topic, to create a IG Liaison Committee to further liaise with the members of the CCWG IG / CCEG, ICANN staff and other active participants from the broader ICANN community. If adopted secretariat will send out a call for volunteers.

9) Support Approach joint ccNSO – SSAC Working Party re Risk Mitigation Panel Fast Track Process

For discussion and/or decision (Katrina Sataki)

Background material:

Final draft Guideline Risk Implementation

Cover letter

10) CSC Effectiveness Review

10.1 Update of Review (Debbie)

10.2 ccNSO Council statement

11) PDP Retirement Update

Informational. Update progress (Stephen Deerhake)

12) ccNSO organizational review

Progress to date and next steps (Katrina Sataki)

13) ECA, CSC and RZERC Update

13.1 ECA (Stephen Deerhake)

13.2 CSC (Byron)
