ccNSO Council Candidate Statement

I am delighted to have been nominated and seconded for a 3-year term on the ccNSO Council.

Since Giovanni stood down at the end of last year and I was able to fill the vacancy for the balance of his term I have spent time working in the SPOC, Triage Committee, DNS Abuse Standing Committee and representing the ccNSO on ICANN's prioritisation framework pilot.

If I am elected to the Council for the next term I intend to continue to contribute to those committees and working groups as well as provide input and insight into matters such as our work on conflict of interest and statements of interest, guidelines, the review mechanisms PDP and to help continue to develop the important relationship between the ccNSO and ICANN Org and the ccNSO and ICANN Board.

I have really enjoyed being back in 'cc land' and hope to have the opportunity to build on the last year and be a useful, effective and collaborative councillor for the next term.
