

GDPR essentials

October 2018, ccNSO meeting, Barcelona

ESSENTIALS – EUROPEAN CCTLD PERSPECTIVE

- **Collect only data needed to fulfil your contract**
 - full registrant data set
 - ~~no admin, tech, zone data~~ from registrars => policy change
 - => data minimization renders compliance in the future
- **Publish (whois) what you collect**
 - newly introduced procedure preserves admin-c functionality
 - “detoxed” new contact type preserves tech-c functionality
 - manual and automated tiered access/ legitimate interest evaluation
- **Challenges:**
 - journalists, consumers, consumer protection organisations, LEA
