

Dear Rinalia,

Thank you very much for your letter and clear explanation of available options and processes with respect to the upcoming ccNSO organizational review. At our Council meeting in Copenhagen on 15 March 2017, we concluded to ask you to defer the start of the ccNSO Organizational Review by twelve months. We are aware that additional procedural steps will be involved, including a public comment period and board approval. Please let us know if you expect us to take any additional steps.

We are reviewing and updating our internal documents to ensure that they capture our current practice, recommendations from the previous review and requirements set in the new Bylaws.

Kindest regards,

]atrina Sataki
Chair of the ccNSO Council
