3. Scope

The scope of activities of the Working Group is to do whatever it deems relevant and necessary to facilitate and improve participation of ccTLD managers in the strategic and operational planning processes and budgetary processes.

The Working Group will take a proactive role in seeking and foster participation and input from ccTLD managers and provide regular feedback to the ccNSO on the strategic and operational plan.

In achieving its objective the Working Group will undertake, but is not limited to, the following activities:

- Organising ccTLD focused strategy and operations sessions at ICANN events;
- Disseminate and summarise information relevant to ICANN's strategic and operational plan.

4. Review of charter and activities of the WG

A review of this charter and activities will take place annually or when considered necessary, for instance when the general ICANN planning process will change and affects the charter of the WG. One of the criteria for review will be increased participation of ccTLDs in the ICANN strategic and operational planning processes.

5. Reporting

The Chair of the Committee will report regularly through email to the ccNSO Council and provide a full report at the ccNSO meetings held during the ICANN meetings regarding the activities of the Working Group.
