

Development of an IANA Functions Transition Proposal - Background and Outline of Process

Paul Kane

APTLD – 0500hrs UTC on 5th Nov 2014

Short introduction to the webinar

Who am I? – Paul Kane – CEO CommunityDNS and also ccTLD Manager for .IO, .AC and .SH, one of the 5 ccTLD members in CWG.

The webinar is going to introduce you to the IANA stewardship transition and the survey regarding the transition.

The survey is made by the 5 ccTLD members of CWG in cooperation with the Regional Organisations – AfTLD, APTLD, LATLD and CENTR.

The 5 ccTLD members need your opinion in order to ensure a solution that takes as many aspects as possible into account.

Background – IANA on the move from US Gov?

US regulator NTIA (National Telecommunications and Information Administration) announced on March 14, 2014 that the supervisory stewardship of IANA today convened by US regulator NTIA might be transferred to the global internet community.

IANA functions contract comprises:

- Domain Names
- IP-addresses
- Protocols

may in the future be supervised by the Global Internet Community

4 key elements of any transition proposal

The NTIA has indicated that the transition proposal must have broad community support and address the following four principles:

- Support and enhance the multistakeholder model;
- Maintain the security, stability, and resiliency of the Internet DNS;
- Meet the needs and expectations of the global customers and partners of the IANA services; and,
- Maintain the openness of the Internet.

Who was selected as ccTLDs reps in CWG

- On the 8th September there was a call for volunteers to participate in the Cross-Community Working Group to Develop an IANA Stewardship Transition Proposal on Naming Related Functions.
- 9 candidates applied and the ccNSO Council selected
- ccNSO members:
 - Erick Iriarte (.pe, LACTLD,) Vika Mpisane (.za, AFTLD,) Staffan Jonson (.se, CENTR)
- Non-ccNSO members
 - Lise Fuhr (.dk, CENTR), Paul Kane (.ac, CENTR and APTLD member)

Why and what is CWG?

- The ccNSO Council adopted the charter for the Cross-Community Working Group (CWG) to Develop an IANA Stewardship Transition Proposal on Naming Related Functions.
- The charter sets the framework for the CWG.
- CWG consists of 103 people (19 members and 84 participants) – everyone can be participants.
- Jonathan Robinson and Lise Fuhr represent naming community (vice chairs)
- The ccTLD members of the CWG should consult with ccTLD Managers, identify themes and draft a ccTLD requirements documents for discussion in the CWG.
- Read more about the CWG by using the link below:

What needs to be the outcome of the CWG?

The CWG needs to deliver a proposal that contains:

- I. Description of Community's Use of IANA Functions
- II. Existing, Pre-Transition Arrangements
 - A. Policy Sources
 - B. Oversight and Accountability
- III. Proposed Post-Transition Oversight and Accountability Arrangements
- IV. Transition Implications
- V. NTIA Requirements
- VI. Community Process

Consult – participate in the Survey

- To assist in the drafting of ccTLD the various models that comprise the diverse ccTLD community , please complete the survey and if you have ANY comments please use the TEXT boxes provided.
- ALL submissions will be reviewed.

Operational management of the process

- Input from YOU is requested by the naming community cross constitutional Working Group (CWG)
- A **survey** already sent to you and this **webinar** are the main channels to give your input on the IANA transition.
- Based on your answers, the naming community will present a formal response (via the coordination group) to ICANN who will submit it to NTIA re. domain names.

The Transition document from the naming community will **not** be submitted for approval by the ICANN board, but will be presented directly from the community to the US Government.

The Survey

- Was first announced by mail 20th October 2014 via the ccTLDworld@icann.org list (for all ccTLD Managers)
- The Survey has a closing date of 12th November 2014
- The Survey supported by regional naming supporting organizations – contact Don Hollander or me if you would like clarification of any issue after this call.
- Open a browser with the survey and to clarify any questions:
