Dear all,
As you may have noted the public comment on the CWG-Stewardship has opened yesterday (include link to announcement). In order to brief the community on the documents and what is contained in them the CWG will hold two identical webinars on Friday 24 April 2015 for the whole community (see for details: https://www.icann.org/news/announcement-2015-04-16-en)

Following these general webinars, we, the ccNSO appointed members on the CWG – Stewardship, kindly invite you to webinars we will be conducting specifically for the ccTLD community. The webinars are scheduled on the following dates:
• Tuesday 17:00 UTC (Europe, Africa, Latin America, North America)
• Wednesday 06:00 UTC (Asia, Europe, Africa)
The details for these webinars will be provided in a separate email.

In addition to the webinars, we will also provide you a paper with an overview of the proposal prior to the webinar.

Kind regards,
